

Peter Gluck, President, Peter L. Gluck and Partners, Architects

Peter Gluck received a Bachelor of Arts from Yale University and a Master of Architecture from the Yale School of Art and Architecture in 1965. After designing a series of houses from New York to Newfoundland, he went to Tokyo to design large projects for a leading Japanese construction consortium. This experience influenced Gluck's later work both in his knowledge of Japan's traditional aesthetics and of its efficient modern methods of integrated construction and design. His firm, Peter L. Gluck and Partners in New York, has been designing and building throughout the country since 1972, joined in 1992 by AR/CS, a construction-management firm, established to build the firm's designs, and in 1997 by Aspen GK, Inc., a development partnership, founded to produce well-designed, high-quality speculative housing.

Exhibitions of Gluck's award-winning work have been held in the U.S. and Japan, and he is widely published in architectural journals around the world. He has taught at Columbia and Yale schools of architecture, and curated exhibitions at the Museum of Modern Art and the Milan Triennale.
