Source: American Housing Survey, 1997, 1999, 2001, 2003, 2005, and the authors' calculations.

The rows of this table are not mutually exclusive.

Renter households include those who neither own nor rent.

2003 & 2005 use alternative weights provided by the Joint Center for Housing Studies. Values for 2003 differ from prior publications because of the use of revised weights and a revision to the working status criteria (earnings of minors are omitted).
