

Committee on Financial Services
U.S. House of Representatives
2129 Rayburn House Office Building
Washington, DC 20515

June 14, 2017

Chairman Hensarling, Ranking Member Waters and members of the Financial Services
Committee:

We write to express our support for advancing the package of bills set to come before the committee to reform and reauthorize the National Flood Insurance Program: H.R. 1422, H.R. 1558, H.R. 2246, H.R. 2565, H.R. 2868, H.R. 2875 and H.R. 2874. These bills represent significant progress in improving the National Flood Insurance Program and address serious issues in the National Flood Insurance Program, which has been on the Government Accountability Office's high-risk list every year since 2006. Each of our organizations have offered proposals to strengthen provisions of the bills, and we look forward to continuing to work with the Committee on these proposals.

Sincerely,

The American Consumer Institute
