

March 11, 2019

The Honorable Susan Collins
Chair
Subcommittee on Transportation,
Housing and Urban Development
U.S. Senate
Washington, DC 20510

The Honorable Jack Reed
Ranking Member
Subcommittee on Transportation,
Housing and Urban Development
U.S. Senate
Washington, DC 20510

The Honorable David Price
Chair
Subcommittee on Transportation,
Housing and Urban Development
U.S. House of Representatives
Washington, DC 20515

The Honorable Mario Diaz-Balart
Ranking Member
Subcommittee on Transportation,
Housing and Urban Development
U.S. House of Representatives
Washington, DC 20515

Dear Chair Collins, Ranking Member Reed, Chair Price, and Ranking Member Diaz-Balart:

We, the undersigned 1,055 state and local community development and housing organizations, urge you to preserve the U.S. Department of Housing and Urban Development (HUD) Section 4 Capacity Building and Affordable Housing program. Specifically, we ask you to help ensure that Section 4 remains a stand-alone program and to provide no less than \$40 million under the FY 2020 Transportation, Housing and Urban Development (THUD) Appropriations bill.

Section 4 strengthens rural, suburban, and urban communities across the nation by providing flexible support to local nonprofit organizations to develop affordable housing, finance small businesses, revitalize commercial corridors, and help address local healthcare, childcare, education, and safety needs. Through direct financial assistance, training, and guidance, Section 4 provides local organizations with the staffing, program development, and financial resources to maximize the impact of the services they provide and ensure the long-term sustainability of their investments. Section 4 has been funded at \$35 million since FY 2012, while the demand for affordable housing and small business investments in low income communities continues to grow. A modest \$5 million increase in Section 4 will enable local nonprofits to meet the growing needs of the communities they serve and should leverage an additional \$100 million in public and private resources.

Section 4 is the only federal program that is exclusively focused on increasing the effectiveness of local community development organizations and has benefited all 50 states as well as the District of Columbia and Puerto Rico. From 2014 – 2018, this investment has:

- Helped to create and preserve more than 39,000 affordable homes;
- Attracted close to \$7.8 billion in total development costs for low-income neighborhoods and communities across the country;
- Assisted in job creation, support of small businesses and the development of millions of square feet of commercial, retail and community facility space; and
- Supported programming efforts such as financial counseling, job training, and crime reduction in order to improve the physical and economic conditions in thousands of neighborhoods.

Section 4 has also provided disaster recovery relief and has been used to assist communities impacted by Hurricanes Katrina, Sandy, Harvey, Irma, Maria, Michael, the California wildfires and other federally declared disasters. Section 4 has helped local community development organizations in affected areas to rebuild homes and community facilities, as well as assist small businesses.

Section 4 funds are matched on a 3 to 1 basis, and then used to leverage additional public and private capital. **Total aggregate leverage has consistently been in the range of \$20 or higher for each dollar of Section 4 funding.**

Given the tremendous needs in low-income communities—and the scarcity of capital available to nonprofit, community-based organizations to address these needs—now is not the time to eliminate or weaken HUD’s only dedicated source of funding that builds the capacity of these organizations. With a modest investment of \$40 million for FY 2020, community organizations can create and sustain jobs, increase housing production, and preserve the vitality and affordability of existing housing developments nationwide.

The undersigned organizations recognize the value that Section 4 brings to their communities. **For that reason, we urge you to preserve Section 4 as a stand-alone program and to provide \$40 million in the FY 2020 THUD Appropriations bill.**

Sincerely,

Alabama
