## WHY JOIN NHC?

Since 1931, NHC has been at the center of convening coalitions of leaders from both the public and private sectors to advocate for improved access to affordable homeownership and rental housing. Today, NHC continues to work across partisan lines to address America's biggest housing challenges, and this work is rooted in our greatest asset—our members. As a “big umbrella” organization, NHC encompasses the full spectrum of the housing field, which includes leaders in lending, homebuilding and affordable housing advocacy, as well as Realtors®, housing development corporations and housing finance agencies, just to name a few.

Being a member of NHC means joining our work to shape the future of federal housing policy.

Solutions for Housing Communications convening is where you can learn about the latest strategies and tactics for expanding awareness of the benefits of affordable housing and building support for affordable housing policies and development. Solutions for Affordable Housing in the fall is where you can explore key federal housing policy issues and the interplay between those policies and the work carried out in states and local communities.

**“Solutions is a great opportunity to connect with thought leaders from around the country for both broad overviews of the policy landscape and a deeper dive on new and complex topics.”**
